TC 1700

I Ron Burkett have disengaged my current patent attorney from the current patent process. I am taking over the patent process as of 11-01-03. I may at a later date search for a new attorney but reserve the right to continue on my own until such date. The attorney I was using was George L. Williamson. I poke to Frankie L. Stinson about this matter and he explained to me I would have to provide proof that attorney was removed from the process.

Ron Burkett

A handwritten signature in black ink, appearing to read "Ron Burkett", with a long horizontal flourish extending to the right.
